8 OR 12 WEEKS | 3 LIVE SESSIONS / WEEK | 1 HOUR / SESSION | USD 2,499

WHO THIS COURSE IS FOR

Professionals, traders, brokers, bankers, entrepreneurs and serious learners seeking deeper industry-specific capability.

Marketing Partner
Peacock Global Trading

Learn the transaction, not isolated theory.

Industry Structure & Products

Oil, refined products and gas value chains; product specifications; pricing and benchmarks; physical trading; shipping; trade finance; risk and hedging.

Markets, Pricing & Physical Trading

Trade flows, market participants, benchmarks, price formation, sourcing, buyer-seller dynamics and transaction economics.

Contracts, Shipping & Execution

Specifications, commercial terms, Incoterms, logistics, inspection, documentation and operational execution.

Banking & Trade Finance

Payment structures, bankability, trade-finance instruments, working-capital considerations and credit risk.

Risk, Hedging & AI

Market and counterparty risk, hedging concepts, AI-assisted market intelligence and digital trade workflows.

Integrated Industry Case

Apply the complete framework to an industry-specific physical commodity transaction.

WHY TRAAFIN?

Practical commodity education, connected end to end.

Practitioner-led

Learning shaped by real transaction, trading, finance and business experience.

Physical-trade orientation

Understand how real commodities are sourced, contracted, financed, shipped and settled.

End-to-end learning

Connect markets, contracts, trade finance, shipping, hedging, risk and execution.

Integrated disciplines

Trade Finance, Shipping, Hedging and AI are treated as connected parts of a transaction.

Industry specialisation

TraaFin Focus applies the framework to specific commodity sectors.

KEY FAQ

Do I need prior commodity experience?

Foundation requires no prior commodity experience. Professional suits serious learners and working professionals. Focus is for deeper sector-specific learning.

Are sessions live?

Yes. Courses are designed around live interactive online sessions. Any recording availability will be communicated for the relevant cohort.

What if I miss a session?

Participants should attend live wherever possible. Catch-up support, if offered, does not remove applicable attendance requirements for certification.

Do I receive a certificate?

Eligible participants receive a TraaFin Academy Certificate of Completion after meeting the applicable attendance and completion requirements.

Can international participants join?

Yes. Participants should check the published session time in their own time zone before enrolling.

What about refunds?

Refunds and cancellations are governed by the current Refund & Cancellation Policy published on TraaFin.com.

IMPORTANT INFORMATION

Before you enrol

Payments & refunds. Course payments, cancellations, transfers and refunds are subject to the current Refund & Cancellation Policy published on TraaFin.com.

Educational purpose. TraaFin Academy provides education and training. Content is not investment, legal, tax, financial or other regulated professional advice.

Career outcomes. Participation or certification does not guarantee employment, placement, income, trading profits, financing, mandates or business outcomes.

Certification. A TraaFin Academy Certificate of Completion recognises completion of applicable course requirements; it is not a university degree, statutory licence or professional regulatory qualification.
